# ABOUT US

Aim High Pest Control is a family owned and operated company, and has been delivering peace of mind to families in South East Queensland for over 17 years.

We offer the complete range of critical Pest Control Services and our first priority is to ensure we deliver exceptional service and value.

Our reputation has been built over many years on the principles of value, honesty, integrity and exceptional service, and our high rate of repeat and word of mouth business is testimony to this.

## WE ARE THE **EXPERTS IN PEST CONTROL**

### **RESIDENTIAL**

Aim High Pest Control delivers complete peace of mind when it comes to protecting your home, your family and your health. We offer the complete range of residential pest control services.

### **COMMERCIAL**

Protect your livelihood and keep your business running smoothly. Aim High Pest Control will ensure a safe, healthy and hygienic pest-free workplace for you and your valued employees.

### **REAL ESTATE**

Aim High Pest Control has been servicing the Real Estate, Property Management and Body Corporate Industries for over 17 years. Our reputation is built on value, integrity and exceptional service.

# OUR SERVICES

## Pest Control

We offer the complete range of Pest Control treatments, and our treatments and products are pest specific. All treatments are carried out by friendly, well-trained, licensed, professional pest technicians.

## Termite Management

We offer a comprehensive range of services to identify, remove and ultimately keep termites away. We use the latest technology to detect termite activity. We then develop and deliver your customised treatment plan.

## Baiting & Monitoring

Baiting and monitoring systems can be highly effective treatments without the need for spraying or drilling. We use the relevant bait to attract and eliminate the pest that is currently attacking your home. This is a non-intrusive method of treatment.

## Pre Purchase Inspections

Pre-Purchase Inspections are vital in the early detection of pests and can identify potential issues and risks, as well as prevent more costly control and eradication in the future. Reduce your risk with our comprehensive pre-purchase inspection service.

# OUR PROCESS

At Aim High Pest Control we put your home and business first. We offer safe, quick, and comprehensive pest treatments. Through our 3 Stage Process - we take the time to understand your needs, identify the key issues (pests!), develop the plan and deliver the best solution.

**PREVENTION &  
MANAGEMENT**

Our treatments are property and pest specific, and carried out by friendly, well-trained, licensed, professional pest technicians. Our industry leading technicians not only seek out and resolve the immediate issue - but will identify the underlying cause of your pest problems.

We treat your home and business as if it were our own.

We are experienced, friendly and responsive.

Our specialists are well trained, competent and helpful.

Our commitment is to deliver exceptional service and value.
